## GRANITE CURBING PLANS BURNED IN QUARRY'S OFFICE

Street Paving Delayed While New Specifications Are Being Forwarded.

City Engineer Favors Crushed Rock for Tarriva Experiment.

### FEARS STREETS WILL GRIND

Lightning striking and destroying the office of the granite quarry at Lithonia, Ga., will delay the paving of Broadway, Jefferson street and Tenth street indefinitely, though not for long, it is hoped. The office of the quarry burned and with it the specifications for the curbing granite. The company sent to City Engineer Washington for new specifications. In the meantime the bitulithic company is holding its plant at Knoxville, Tenn. The streets cannot be paved until the curbing is set and there is not sufficient curbing on hand to complete Broadway and Jefferson street.

**Tarriva Plans.**  
City Engineer Washington is not enthusiastic over the plan to spread tarriva on the gravel streets, without first adding a layer of crushed rock. He says it is a well known fact that the gravel used on Paducah's streets when disturbed is quite soft, and if the surface of the streets is scorified and this tar is spread over it, the streets will be ground to powder and the tarriva will not even have a fair test. He says those Chicago streets on which it is used, have a fine foundation carefully laid and rolled and then over layer of crushed rock this tarriva is spread, making a macadam roadway. The theory is that the tar holds the stones in place and prevents the street grinding up under traffic. According to Mr. Washington, the first requirement of a good street is the good foundation and unless that is substantial the surface will soon deteriorate.

**PREFERS HER \$6000 SALARY AS A CLERK TO \$1,000,000.**

Washington, July 14.—Mrs. Anna Cammack Hardesty, a clerk, at \$600 a year in the postoffice department, the other day declined positively to act on the advice of friends and counsel and contest the will of her father, John W. Cammack, a retired florist, who died in June, leaving an estate of \$2,000,000. By the terms of his will the late millionaire left the estate to his second wife, stepmother of Mrs. Hardesty, and a child by that marriage, cutting off Mrs. Hardesty with the income from \$50,000 for her lifetime.

She had been advised that she could probably secure about \$1,000,000 of the estate. She married against her father's orders, was afterwards divorced, and he refused to receive her back. The notoriety of the courts is her objection to filing the suit.

### ROB AMERICAN CONSULATE.

\$30,000 Secured By Revolutionists at Tabriz, Persia.

Washington, July 13.—The state department received a dispatch from Consul Doty at Tabriz, Persia, recently the scene of so much fighting, saying that the royalists had robbed the business houses, which also was the residence of the chancellor of the United States consulate, of \$30,000. The position of chancellor, it is explained at the state department, is simply that of a clerk.

It is not stated whether any American funds were taken.

### WEATHER.

**CLOUDY**

Partly cloudy with occasional showers and not much change in temperature tonight or Wednesday. Highest temperature yesterday, 88; lowest today, 78.

## Bryan Will be Notified at Lincoln of His Nomination and Kern Later at His Home at Indianapolis, Ind.

Democratic National Committee Follows Example of Republican Treasurer in Declaring for Publicity.

Lincoln, Neb., July 14.—The national Democratic committee visited Bryan and Kern at Fairview and decided to hold the Bryan notification at Lincoln, August 12. Kern will be notified at Indianapolis later. Campaign plans were discussed. It is probable Bryan will remain at Lincoln until Labor day, when he will make an address at Chicago. Then he will begin a whirlwind tour through the doubtful states, including Indiana, Illinois, Iowa, Kansas, Michigan, Ohio, New York, New Jersey and Rhode Island. New York is anxious for Bryan to spend as much time as possible there. Kern will leave this evening for Indianapolis. The chairman of the national committee is unsettled. Campaign, of Michigan; Atwood, of Kansas; and James and Woodson, of Kentucky, are regarded the likeliest candidates.

At Bryan's suggestion the committee adopted a resolution to accept no contributions from corporations and no contributions of more than \$10,000. They will make all contributions exceeding \$100 public.

### Guthrie Jubilant.

Guthrie, July 14.—Governor Haskell and the returning delegation from Denver were given a great ovation. They were greeted with cannon, whistles and bells. Haskell an-

**HEAT VICTIM.**  
Mr. Will Cavanaugh, a blacksmith, who came here from Hopkinsville two weeks ago and is working at Parker's shop on Second street, was overcome with heat yesterday afternoon. Last night he recovered sufficiently he thought, to go to work. At 11 o'clock this morning he was overcome with heat again. A physician was called both times to attend him.

nounced he will make 40 speeches for Bryan.

### JAMES CHANDLER SAYS HE WAS DEFENDING SELF.

Kansas City, July 14.—James Chandler, said to be a nephew of former Governor Stephens, of Missouri, is in jail accused of killing F. L. Mackay. They quarreled over money. Chandler claims self-defense. He said Mackay beat him and he stabbed Mackay because he feared for his life. Mackay formerly lived in Oklahoma.

### NEW ROAD

Through the efforts of Deputy United States Marshal Elwood Neel a new road has been opened beginning at his farm on the Mayfield and Metropolis road and extending to the Metropolis and Lake road. When the road is completed a petition will be circulated for a new rural route, which will cover that territory.

## Sheriff and Prisoner Escape.

Russellville, Ky., July 14. (Special).—Rufus Browder, negro slave of James Cunningham, was brought to town this morning from the woods, where the sheriff had him in hiding to escape a mob of 200, which sought to lynch him last night. He was accompanied here by troops which left later. A mob is feared tonight. Feeling is high.

## COUNTY SCHOOL ELECTION HELD SAT., AUGUST 1

Superintendent S. B. Billington, of the county schools, announced today that the election under the new law for school trustees will be held the first Saturday in August. Voters are urged to go to their respective school house districts and vote for one trustee for a two-year term. There are 13 districts. Superintendent Billington will prepare a list of election officers for the August election, which he will submit for ratification to the county election board, composed of Messrs. Will Farley and J. S. Ross and Sheriff John W. Ogilvie.

### JOHN L'S WIFE FIGHTS DECREE.

Mrs. Sullivan Says She Has No Notified Her Husband's Emissary.

Providence, R. I., July 14.—Mrs. John L. Sullivan will oppose the suit for divorce which her husband, the former heavyweight champion, is bringing. The woman lives with her sister in Centerville.

Mrs. Sullivan said she was not aware her husband had taken legal steps to secure a divorce. All she knew had been learned from a man sent by her husband to sound her on the subject.

"He told me," said Mrs. Sullivan, last evening, "that my husband had a chance to marry a woman who has a lot of money. I said I was willing to live with my husband if he would stop drinking, but that I would oppose his getting a divorce. When I wanted one he opposed me and now I'll oppose him."

Mrs. Sullivan said that when her baby was dying at Centerville, its father was in Europe with an actress named Livingstone, whom he was passing off as his wife.

## Chicago Market.

## DEVOTED MOTHER; CHRISTIAN LADY GOES TO REWARD

Mrs. B. B. Griffith Succumbs to Her Malady at Early Hour This Morning.

Wife of Well Known Physician Buried Tomorrow.

### MEMBER METHODIST CHURCH

Long weeks of suffering culminated in the death of Mrs. Isabelle Griffith, wife of Dr. B. B. Griffith, at her home, Tenth and Jefferson streets, this morning at 2:30 o'clock, from stomach trouble and heart disease. Mrs. Griffith had been sick nearly ten weeks, and for the last week her death was expected at any time. In her death the city loses one of the finest Christian characters.

Mrs. Griffith was born at Sharp, Marshall county, October 16, 1864, the daughter of Mr. B. Dishman and Rachael Hoffman. Her father died only a few weeks ago in Alabama at a ripe old age. Her girlhood and early married life were spent in the country where she was widely connected and known. Twenty-three years ago Mrs. Griffith and Dr. Griffith were married and twelve years ago they moved to Paducah, where they have since resided.

Four children survive Mrs. Griffith: Miss Carrie Soule Griffith, Mr. Benjamin B. Griffith, Mary Belle Griffith and Rachel Griffith. Four brothers of her immediate family are living, Messrs. Charles and Calvin Griffith, of New Mexico, Alonzo Griffith, of Ansonia, Ala., and Bret Griffith, of Sharp.

Mrs. Griffith was a life-long member of the Methodist Episcopal church south, and through a busy life always took an interest in her church. A year or so ago Mrs. Griffith suffered an attack of sickness similar to the one which resulted in her death this morning. The funeral will be Wednesday morning at the Broadway Methodist church, at 10 o'clock, and Dr. G. T. Sullivan, the pastor, and the Rev. J. W. Blackard, presiding elder of this district, will conduct the ceremony at the church and cemetery.

The pallbearers will be: Dr. W. V. Owen, Dr. H. H. Duley, Mr. W. B. Walters, Mr. W. L. Young, Sheriff John W. Ogilvie and Mr. L. B. Ogilvie. The burial will be in Oak Grove cemetery.

### FIRST VICTIM

T. H. Reed, who runs a grocery on Boyd street between Ninth and Tenth streets, was the first man to be arrested for failing to comply with the new ordinance which provides that a license of \$250 a year must be paid for selling "non-intoxicating" drinks or beers that contain less than 2 per cent of alcohol. Information reached the police that Reed was selling the drinks that are under the ban and the arrest followed at the instance of License Inspector Hicks. The case will be heard in police court July 16.

## LITTLE CYPRESS HAS TELEPHONE COMPANY OF OWN

Little Cypress, July 14. (Special).—Prominent citizens met here last night and organized a telephone company with a capital stock of \$1,000 to operate a local telephone exchange. The capital stock may be increased later and the construction of the exchange will begin within two weeks. Already 70 subscribers are pledged and many more have expressed a willingness to take connection whenever the exchange is in operation.

Those citizens who met to organize last night were: Dr. E. G. Goodloe, A. L. Roark, J. H. Lackey, George Loftin, W. E. Hayden, Virgil Hoover, Holland Bros., Ben J. Story and Will Johnson, all financially able to carry their project to a successful conclusion. A local exchange will be operated at first, but some arrangements will be made with the East Tennessee Telephone company or the Independent Telephone company, of Paducah, whereby the local subscribers can have direct service to Paducah. Officers for the new company were elected last night as follows: Dr. E. G. Goodloe, president; W. E. Hayden, vice president; Ben J. Story, secretary and treasurer.

## Flanagan of America, Wins Hammer Throw and Breaks Professional and Amateur Records of England

Immense Throng is Wonderstruck by Grandeur of Amphitheater, in Which Olympian Games Are Held.

London, July 14.—John J. Flanagan, of New York, won the final hammer throw in the Olympic games. His record was 170 feet 4 1/2 inches. He broke the Olympic record and also the professional and amateur records of England. Two Americans, Melvin Sheppard and James Sullivan, remain in the final 1,500 metres run today.

Sheppard won the final in the 15 metres run. The time was 4:03 2-5. McGrath, of New York, was second in the hammer throw; Walsh, of Canada, was third.

### First Day's Results.

London, July 14.—In the 1,500 metre race, in which the greatest interest centered, the record for the distance was smashed. Melvin W. Sheppard, of the Irish-American Athletic club, New York, was the first to accomplish the trick, when, in the second heat, pressed hard by his team mate, J. P. Halstead, he ran the distance in 4:05, just 2-5 of a second faster than made by J. Lightbody, of the University of Chicago, at the Olympic games at St. Louis in 1904.

J. P. Sullivan, of the Irish-American Athletic club, and Lightbody, who were first and second respectively in the first heat of this event, took longer to cover the distance but they were not pressed and doubtless could have done better if necessary.

The best performance of the day, however, was that of M. F. Hallows, an Oxford Blue, who cut two seconds off the record, much to the surprise of everybody, as the 1,500 metres were considered too short for him. H. L. Cole, of the University of Michigan, made a strong bid for victory in the fourth heat but was unable to keep up with E. V. Loney, of England, although the time was not particularly brilliant. Cole finished second.

It was the first time that the great majority of those in attendance had had an opportunity to view the stadium. Exclamations of surprise and admiration were to be heard on every hand. The giant amphitheatre, completed at a cost of \$300,000, has a seating capacity of 70,000. Besides the spacious field the great arena contains a 110-yard swimming tank and two one-third mile running tracks. Erected at regular intervals around the edge of the arena were Venetian masts and from these there fluttered the colors of all nations. The climax of the opening ceremonies

## ZEPHELIN REMAINS UP FOURTEEN HOURS IN HIS AIRSHIP IN TRIALS IN GERMANY

Makes Claim That He Can Travel 1,000 Miles in 24 Hours.

Berlin, July 14.—Count Zepelin, whose feats with the airship are attracting world-wide attention, ascended from Friedrichshagen for a 24 hour test of his giant aircraft. Fifteen guests accompanied him. A crowd of 100,000 witnessed the ascent. At the last attempt Zepelin remained aloft 14 hours. He considers this the crucial test to prove he can travel a thousand miles in 24 hours.

### TEACHERS' INSTITUTE

The county teachers' institute will be held at the court house the week beginning July 27. Prof. T. J. Coates, of Richmond, being the instructor in charge. Professor Coates has conducted a number of institutes in western Kentucky and is regarded as one of the leading educators of the state. The institute for colored teachers will be held the week beginning August 8 at the Lincoln school building. Professor Jackson, principal of the school, being the instructor.

### W. F. NIEDRINGHAUS DYING.

Founder of St. Louis Tin Plate Industry at Death's Door.

St. Louis, Mo., July 14.—William F. Niedringhaus, founder of the tin plate industry here, ex-state Republican Chairman T. K. Niedringhaus' father, is dying from a complication of diseases, aggravated by heat. He is 73 and not expected to live till morning.

## FIRST WARD WILL BE ABANDONED BY IMMORAL HOUSES

Mayor Smith and Chief Collins "Order Down" Inmates of Resorts.

Must Move in Response to Complaints of Residents.

### BOARD PUTS IT UP TO THEM

When the board of police and fire commissioners announced last night that it is up to Mayor James P. Smith and Chief Collins, as to whether or not the presence of bawdy houses is to be suffered in the First ward, no time was lost in carrying out the mayor's and the chief's already formed opinion.

Bawdy house keepers were "ordered down" today and they will be given ten days in which to remove from locations north of the railroad. They will also be notified that wherever they may go, whenever complaints are made against them, they must move. It is expected that a large number of the "white slaves" who receive practically no share in the profits of their own immorality, will present themselves at the city hall, asking for transportation out of town. They will be told to present themselves there tomorrow morning, and it is probable that the city authorities will consider it economy to aid them, as it certainly would be charity to the poor creatures, who are more sinned against than sinning.

### In the Board.

Dr. Frank Boyd, the new member of the board, introduced the subject last night. He said complaints had come to him from the First ward that women were insulted on the streets by disorderly house habitues and the neighborhood was becoming unsafe. They told him that if they failed to secure relief from the city, they would take the law into their own hands. Everybody joined in the discussion and finally they said it was up to the mayor and the chief of police.

Mayor Smith said: "I have waited six months in the hope that this question would adjust itself. It has not. This is a hard subject to handle. Deliberate segregation of the houses would meet with the protest that we were recognizing it. To prosecute the women is difficult from the trouble of securing direct evidence against them; but whenever people complain against these places, I intend to drive them out. They may go somewhere else, and if there are complaints, out they must go. If they leave the city, as I hope they will, or get some place where no one complains, I am too busy to personally go out and hunt them up. I have given my word to those First ward people that I would drive their bad neighbors away and I shall do it."

Chief Collins said this morning that he would notify them, and if they did not obey his command voluntarily he would proceed in a way to force them to obey.

**Routine Business.**  
The resignation of Dick Brown as engineer at No. 1 fire station was accepted and Leo Story was elected to the vacancy. The action of Chief Wood in discharging Will Nelson was ratified and W. F. McCormick was elected to the vacancy.

Ernest Bell, street inspector, was given police powers, although Commissioners Bands and Clark made protests. It was pointed out by the mayor that the inspector could make arrests for violation of dropping waste material on the streets of the city.

It was ordered that all members of the police departments who are candidates for office be laid off duty until after the election.

The proposition of Miss Hallie Ross, Judge Cross' stenographer, to act as stenographer to Chief Collins and the police officials for \$10 a month, was referred to the finance committee.

### Burk's Chapel Picnic.

A. M. E. Sunday school will hold its annual picnic outing Thursday, July 16. All Sunday school members are invited to go. The day will be spent in a beautiful grove 25 miles down the river. They will go on the Wabash. The boat will leave the wharf at 7:30 a. m. and 1 p. m.

### Miss Morgan Studies Labor.

Berlin, July 14.—Miss Anne Morgan, daughter of J. Pierpont Morgan, who has been investigating German institutions for workmen, visited today in company with representatives of the Berlin city council the municipal laborers' dwellings. Miss Morgan will remain in Berlin until next Wednesday.

**POLICE!**  
New York, July 14.—Gertrude Hoffman, the dancer, started the city with a reproduction of "Salome's Dance," without shoes, stockings or fleshings. Her nude limbs showed through her transparent skirt. Strands of pearl beads composed her costume above the waist. It was the biggest theatrical sensation in years and the police threaten to stop the dance.

came when the two thousand and more athletes entered for the games paraded around the arena, receiving the cheers of tens of thousands of onlookers.

The games will continue until July 25th.

The scope of the program is enormous. Prizes, mostly gold, silver and bronze medals, are offered for the following events:

Athletics, archery, cycling, fencing—epee, sabre and foils—association football, rugby football, golf, gymnastics, hockey, lacrosse, lawn tennis (grass and covered courts), motor boats, polo, racquets, rowing, shooting—rifle, miniature rifle, revolver and pistol—clay bird shooting, skating, swimming, wrestling and yacht racing.

The team from the United States, comprising more than three-score of famous athletes, will undoubtedly capture its full share of honors. In the running events and in many of the field events the wearers of the Stars and Stripes are already prime favorites. And in the weight throwing events, with Martin Sheridan and Ralph Rose, the American team is conceded to be unbeatable.

The 25-mile Marathon race is, in fact, the most popular event of the entire Olympic program. It will start from the grounds of King Edward's palace at Windsor and end with a 660-yard final dash around the stadium track. The entry list numbers nearly 100.

### LINER CUTS WHALE IN TWO.

Sea Monster Worsted in Disputing Progress of Steamer St. Louis.

New York, July 14.—Officers of the American line steamer St. Louis, in today, report running into a school of whales off Newfoundland banks at 6:30 last Thursday evening. According to the report, a big bull whale challenged the progress of the Yankee flyer, and was cut in twain by the vessel's prow. The shock of the collision was plainly felt aboard the ship.

### HURT IN RUNAWAY

St. Johns, July 14.—(Special).—David Thompson, a prominent farmer of Florence Station, had three ribs broken in a runaway last night at 8 o'clock, while driving to his home from a neighbors. His young horse was frightened by a barking dog and overturned the buggy. Dr. R. D. Harper dressed his injuries and he is resting well today.

### TULLY-FRANKS CASE

The charge against Wynn Tully for breach of the peace, growing out of the trouble at the race track July 4, was called in Magistrate Bleich's court and was set forward on account of Mr. Tully's attorney being absent from the city. The date for the trial will be arranged when the attorney returns.

## SAN FRANCISCO BOODLERS PLOT ASSASSINATION

San Francisco, July 14.—The confession of John Claudines reveals a plot of alleged "municipal grafters" to avoid punishment through hiring assassins to kill witnesses. Claudines is accused of dynamiting the home of James Gallagher, the chief witness. He admitted the plot and said his brother, Peter Claudines received \$1,000 to destroy Gallagher. Peter Claudines has eluded the police.

## CURE FOR SUMMER COMPLAINT

At no time of the year are the bowels put to a severer test than during the hot weather. Thousands become afflicted with "summer complaint," or running of the bowels. The cause very often lies in the drinking of impure water, the eating of unripe fruit or tainted food.

**USE**  
**DR. CALDWELL'S**  
**SYRUP PEPSIN**

But whatever the cause it is useless to try to cure the trouble with an astringent remedy, an opiate, or salts and such things. The bowels need not only a thorough cleansing out, but the stomach needs strengthening and toning, so that they may have a new start. All this is best obtained by the use of Dr. Caldwell's Syrup Pepsin, which is a great stomach, liver and bowel cleanser. It will quickly stop the unnatural passages, which are so weakening and give rise to vertigo. Thousands of families are using it steadily and thereby avoid all digestive troubles summer and winter. Buy a 50 cent or \$1.00 bottle today of your druggist and you will be surprised at the quick and lasting effects. You will find it a mild, gentle laxative, agreeable to young and old, and absolutely guaranteed to do as we claim. You will also find it a money saver, for it will enable you to cure yourself at home. Those who have never tried it and wish to do so before buying a bottle, can obtain a **SAMPLE FOR A TEST FREE OF CHARGE** by sending their address to  
**PEPSIN SYRUP CO., Monticello, Ill.**

## IMPORTANT DECISION

**A. M. LAEVISON & CO.'S BEVERAGES DECIDED NON-INTOXICATING.**

Thos. Cole was tried before police court Judge Cross, charged with selling liquor without a license, and as it developed he sold A. M. Leavison & Co., Creme Temperine, Dr. Fizz and other non-intoxicating beverages, and as the evidence showed that these drinks were non-intoxicating, the jury on instructions of Judge Cross dismissed the case, which clearly proved that these beverages were non-intoxicating, and the claims of A. M. Leavison & Co. were sustained, and this decision is of much importance to A. M. Leavison & Co., and their numerous customers throughout this vicinity who are handling these beverages.

### An Angler's Elysium.

According to advertisements all summer resorts are alike. They are the best ever—but if fishing is better anywhere else than it is in "Georgian Bay" we do not know where it is. There is a greater variety of fish in this water than anywhere else, and they are always hungry. The only place you can afford to fish is where the fish are numerous, big and delicious in flavor, and that place is Georgian Bay—so the fishermen say. Suppose you send for booklet, issued by Grand Trunk Railway System free, telling about the home of the bass, pickerel, pike and the noble trout family. Address G. W. Vaux, #17 Merchants Loan and Trust Building, Chicago, Ill.

Bacon—You say he's up-to-date? Egbert—Sure; he's ordered a couple of Merry Widow bonnets for his horses this summer.—Yonkers Statesman.

## SUMMONS

**SERVED ON DEFENDANTS IN MARSHALL COUNTY.**

**All but Three of the 71 Are Found By Deputy Marshal Neel—Three Missing.**

All but three of the 71 defendants to the suits of \$75,000 damages filed against citizens of Marshall and Lyon counties by the victims of night rider bands at Birmingham have been served with summons by Deputy Marshal Elwood Neel. Keenie Bloodworth, of Lyon, and Louis Chaudet and Chaudet Locker, of Marshall county, were the three not found. They are indicted in the Marshall county circuit court and are under bond. Marshal Neel served the summons on Dr. E. Champion in the Edenville penitentiary.

Use DeWitt's Little Early Risers, pleasant little pills that are easy to take. Sold by all druggists.

### PRAYER UNANSWERED.

**Thirty Thousand in Italy Join in Appeal to Providence.**

Bari, Italy, July 1.—The long drought, with intense heat, reaching at times 90 or more in the shade, is causing disastrous effects throughout the Apulia region. In the hope of receiving rain through divine intercession, it was decided to carry in procession through the town the centennial image representing Calvary. Thirty thousand of the faithful participated in the ceremonies, which were attended by dramatic scenes of fanaticism, but the rain did not come.

## JUDGE SPRINGER FOR CHAUTAUQUA

**Famous Illinois Jurist Will Appear on Program.**

**De Armond Concert Company Headliner for Entertainment at Night.**

### SOMETHING OF THE ARTISTS.

Friday of this week marks the opening of the third annual assembly of the Paducah Chautauqua association and the program arranged for this day is worthy of the occasion. The association is to be congratulated upon securing the services of Judge Lawrence B. Springer and the De Armond Concert company for this date, and their appearance here is noteworthy.

Judge Springer, who is the presiding judge of the Illinois state court of claims and who was the Democratic nominee for governor in 1904, is prominent not only in state affairs but in national affairs and is an orator of rare ability. At the age of 24 he was elected to the 37th general assembly of Illinois and has been prominent politically since that time, serving eight years in the Illinois legislature, two years as permanent chairman of the Democratic state convention, being nominated for governor in 1904. In 1905 he was appointed presiding judge by Governor Deneen, his political opponent in the campaign of 1904. Judge Springer is eloquent and convincing, as an orator he is the peer of Bryan, Jones or LaFollette and his lecture on "The Spirit of the Pioneer" is a speech of true eloquence, overflowing with good common sense, clothed in matchless words and delivered in such a manner as to stamp every thought indelibly upon the mind.

The De Armond Concert company has been before the musical and lyceum public for the past six years, delighting their audiences and scoring splendid successes. The company is composed of four well known southern musicians, Tracy Holbrook, violinist; Edna Winton Crenshaw, soprano; Robert De Armond, basso; and Ora Averitt De Armond, cellist. Miss Crenshaw has a beautiful soprano voice of wide range and pure coloring and her interpretation is both correct and delightful. Mrs. De Armond is a cellist of rare ability, who plays with intense feeling. Mr. Holbrook's playing is marked with technique and expression, while Mr. De Armond's work covers both the classic and the popular, including an interpretation of the "ante-bellum" darkey in some unwritten songs and a few stories.

The lecture of Judge Springer will be given at 2 o'clock Friday afternoon while the De Armond Concert company will furnish the entertainment for the evening. It is anticipated a large and enthusiastic audience will greet both attractions.

### DIFFERENT NOW.

**Athlete Finds Better Training Food.**  
It was formerly the belief that to become strong, athletes must eat plenty of meat.

This is all out of date now, and many trainers feed athletes on the well-known food, Grape-Nuts, made of wheat and barley, and cut the meat down to a small portion, once a day. "Three years ago," writes a Michigan man, "Having become interested in athletics, I found I would have to stop eating pastry and some other kinds of food.

"I got some Grape-Nuts and was soon eating the food at every meal, for I found that when I went on the track, I felt more lively and active.

"Later, I began also to drink Postum in place of coffee and the way I gained muscle and strength on this diet was certainly great. On the day of a field meet in June I weighed 124 lbs. On the opening of the football season in Sept., I weighed 140. I attributed my fine condition and good work to the discontinuation of improper food and coffee, and the using of Grape-Nuts and Postum, my principal diet during training season being Grape-Nuts.

"Before I used Grape-Nuts I never felt right in the morning—always kind of 'out of sorts' with my stomach. But when I rise I feel good, and after a breakfast largely of Grape-Nuts with cream, and a cup of Postum, I feel like a new man." "There's a Reason."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs.  
Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

**AN INEXPENSIVE OUTING**

One of the most attractive features of the Paducah Chautauqua, July 17 to 26 is the ten days outing in Wallace Park Tent City. Cool and comfortable tents will be erected on the Chautauqua grounds and will rent as follows:

Wall Tents 9x12 \$3.00

Wall Tents 12x14 \$4.00

Compartment Tents 14x16 \$5.00

Compartment Tents 14x20 \$6.00

Compartment Tents 16x20 \$8.00

It is not necessary to sleep in the tents at night to get good use of them. Fit them up and provide a comfortable place for your family to spend the day and evening. Tents must be engaged before the opening of the Chautauqua and may be had upon application to W. P. Hummel, treasurer.

**Paducah Chautauqua Association**

\$4.48 Waists cut to ..... \$3.18

\$4.98 Waists cut to ..... \$3.37

These Waists are all this season's goods—not a carried over one in the lot.

## HURRY TO COVER CHICAGO REPORT

### Shorts Sent by Bullish News of Week.

Due Caused By Shrinkage in Foreign Wheat Stocks—Corn Reaches Highest Price.

### OATS GOES TO HIGHER LEVEL

Chicago, July 14.—Wheat was strong last week, having made a good start on Monday, when Liverpool showed a bullish tendency and higher prices on unfavorable crop news from Hungary. The statistics were also bullish. World's shipments for the week were only 5,664,000 bushels, or a little over half those of the corresponding week a year ago. Russian shipments dropped to 594,000 bushels and supplies on ocean passage decreased 344,000 bushels, the total quantity now being 29,224,000 bushels, compared with 37,224,000 bushels a year ago, and there was further shrinkage in the Liverpool stocks. This array of bullish news caused the shorts to take fright and cover. Millers, too, showed a willingness to take most of the new wheat that is coming on the market at fair prices.

Trade Wednesday was in a fidgety state. Traders were waiting for the government crop report, which was issued just before the close of business. The government experts estimated farm reserves of wheat the first of the month at 33,797,000 bushels; condition of winter wheat, 80.6; condition of spring wheat, 83.4; initial estimate of corn area, 100,996,000 acres; condition of corn, 82.8; and condition of oats, 85.7. The total crop of wheat indicated by the report is 688,000,000 bushels, of which 413,000,000 bushels are winter and 275,000,000 bushels are spring wheat. The influence of this report stamped many of the shorts on Thursday and the prices took a temporary boom. The traders were between two fires, however, with the bullish crop report on one hand and the fine weather over all sections of

the wheat belt, and the gain in price soon faded away.

Advices Generally Optimistic. Advices from the southwest were more glowing than for a long time, harvesting being carried on rapidly and wheat in the upper regions maturing under the most favorable conditions. Temperatures in the north-west have been high during the week and "floor" agriculturists expressed the belief that the hot weather in that section would have a bad effect on the growing spring wheat. Nevertheless, the mass of advices from spring wheat territory were optimistic, far overshadowing the sprinkling of complaints from North Dakota and the western part of Minnesota.

It is expected that a continuance of fine weather will witness a marked improvement in the movement of winter wheat to market, although receivers still say that farmers show little disposition to accept bids sent out to them from this market. Southwestern millers are far outbidding Chicagoans for the better grades of new wheat.

A Toronto wheat authority estimated that the Dominion's entire yield of wheat would reach the comparatively enormous total of 175,000,000 bushels, which, on the basis of past performances, indicated an exportable surplus of about 125,000,000 bushels. However, this calculation had no effect on the local market and a bolstering in prices came despite the Canadian news.

### Kansas Wheat Moving.

Advices from Kansas indicated that new wheat was moving to market in all parts of the state. Similar reports came from western Tennessee. There was a fairly good volume of new wheat running to St. Louis and Kansas City Friday, these markets receiving 131,000 bushels as against 89,000 a year ago. The grading was excellent. Cash houses here reported a slight increase in sales to this market, but other centers were bidding relatively higher prices. Nevertheless, they are counting on fairly free offerings in Chicago territory during the next week or ten days. The largest hedging sales made in the pit here were against purchases of cash wheat in Kansas and Oklahoma.

Prices last week gained 2 cents for July, 1 1/2 cents for September and 1 1/2 cents for December.

### Corn Takes a Jump.

Offerings of corn have been so light that shorts in the new crop months have become badly scared and as a result September corn Friday sold at the highest figure of the crop year—74 1/2 cents. Corn started its giddy flight Thursday, after the bulls had dumped a lot of their long stuff and sent the price downward on the day before. The nearby deliveries were hard to buy, the Bartlett-Patten interest leading the bidding and shorts leaving hurried footprints pointing in the direction of the nearest exit. The small receipts and the limited supplies available rendered

the trade uneasy and as a result a new high point was established. Arrivals from day to day are only about sufficient for local consumption and there is now little more than 1,000,000 bushels of contract corn here to trade on. And there is little relief in sight, for with Kansas City and St. Louis both paying higher prices than Chicago, the movement, which is extremely small, is in the direction of those markets rather than to this. The bullish feeling generated by the strength of the nearby deliveries included the deferred months within its sphere of influence, though the crop situation, judging from the general run of country reports, is better than holding its own. Improvement having become quite marked since the first of the month.

July corn gained 1 1/2 cents for the week, September 2 1/2 and December 3 1/2 cents.

### Oats Higher.

Oats worked to a higher level largely in sympathy with corn. There were a good many pessimistic crop reports during the first part of the week, but recent rains are said to have helped the growing crop very materially. The market is in an over-sold condition, and shorts are easily scared, prices responding readily to any buying. Net gains in prices for the week were: July 1/4 cent, September 1/2 cent and December 1/2 cent.

Noteworthy advances were made in provisions. Quite a demand poured in from out-of-town sources and there was more or less buying by packing interests. A compilation of stocks at the five principal western packing points showed a decrease of 5,907,294 pounds of cut meats during the month of June, compared with an increase of 32,788,188 pounds during June last year and 25,796,360 pounds two years ago. Bears were put to rout by this report and there was a wild scramble to recover.

### Cotton Report.

Memphis, July 14.—All cotton

### YOUR HAT.

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for. Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Two sizes, 50c and \$1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.—R. W. Walker Co., Special Agents.

grew very rapidly last week, since rain fell quite generally over the cotton region. Conditions are a trifle more irregular than the previous week, however, because the rainfall was excessive at points in North Carolina, South Carolina, Louisiana and Texas. The most important complaints come from southern and South Central Texas, where rains were often continuous, causing some shedding of bolls by the cotton plant and an appreciable increase in the number of boll weevils.

In Alabama and the states bordering on the Mississippi river the crop is in very fine condition. The rainfall was altogether beneficial, and the outlook is nearly all that it can be. The crop is in fine cultivation and the plants are large and well grown for the season and fruiting heavily.

Throughout the whole belt, except in localities merely, the crop has been put in thorough cultivation and the question of acreage is therefore fully determined. The crop advanced as a whole during the week, the setbacks being due largely to excessive rainfall.

The crop is being rapidly "laid by" as the plant has now often attained a size that will not permit of further cultivation.

"E. O. DeWitt & Co., Chicago, Ill.—Gentlemen:—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Rodding, Ga., Aug. 27, 1906." Sold by all druggists.

FOR SAFETY ON STREET CARS. New York Public Service Commission Begins Its Quest.

New York, July 14.—With the object of obtaining the most effective safeguards against street railway accidents, announcement was made today that two public tests of fenders and wheel guards suitable for use on the street railways of New York City will be held within the next three months. Action has been impelled by reason of the large mortality due to car accidents. During the last six months of 1907 the number of killed aggregated 288, or an average of 48 a month.

For cuts, sprains, bruises, rheumatic and all other pains, use McLean's Volcanic Oil Uniment. First sold in 1872, still the same effective remedy in 1908. Good for sun or heat. 25c. No. and 50c.

The man who is short on his measures is often long enough on meetings.

DeWitt's Witch Hazel Salve is especially good for piles. Recommended and sold by all druggists.

"My wife," growled Kadley, "is the most forgetful woman."

## HOBOS

### CRIPPLED AND OTHERWISE BEAT IT UP THE TRACK.

Whole Camp of Sleepers Flushed By Patrolman Casper Jones Near Station.

Patrolmen Casper Jones flushed a covey of sleeping hoboes in the weeds near the Union station this morning and arousing the hoboes from their slumbers gave them orders to move on, which was complied with in double quick time. There were several peglegs and otherwise disabled characters in the crowd, but all showed their ability to preambulate successfully by beating it up the railroad toward Gilbertsville or some other more congenial locality, where cops are not so watchful as at Paducah.

### IS OLDEST DELEGATE.

A. H. Hunter of Paris at 82 is Stry and Takes Keen Interest.

Denver, July 14.—The oldest delegate to attend the convention will be A. H. Hunter, 82 years old, of Paris, Ill., who arrived here early and intends to stay until all the fireworks are over. Mr. Hunter does

not look his age, and he certainly does not act it. He is keen mentally and spry physically, and is taking the keenest interest in everything pertaining to the convention.

### Try the Sun for Job Work.

**Itching Skin Diseases**  
Are readily cured by Zemo. A liquid for external use. Zemo gives instant relief and permanently cures any form of Itching, Skin or Scalp disease. All Druggists. Write for sample. E. W. Rose Med. Co., St. Louis, Mo. For sale by Will J. Gilbert.

## Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could not get relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very good to eat."

Hiram Smedley a candidate for re-  
lection to the office of Clerk of the  
McCracken County Court subject to  
the action of the Democratic party.

## Daily Thought.

"Happiness is a means rather than  
an end. It creates energy, promotes  
growth and nutrition and prolongs  
life."

That New York married man, whose  
beautiful stenographer was killed  
Sunday night by the overturning of  
his auto, is a sad sight.

That's a base argument against re-  
form, that you will have to do it all  
over again some time. The same argu-  
ment can be presented against  
sweeping a house.

The postoffice department clerk,  
who refused to contest her millionaire  
father's will because she hated notori-  
ety, got the notoriety, if that is what  
she was after.

Peary had better bring the pole  
back with him this time; or Roosevelt  
probably will go up and get it when  
he completes his African trip.

William Jennings Bryan has offered  
half the executive mansion to Mr.  
Kern, in case they are elected; but, of  
course, Mr. Kern will understand that  
proposition is subject to Mrs. Bryan's  
 veto.

"Encouraged by the result of the  
suits against the Hollowells in the  
federal court, negroes and others who  
were driven out of the state by night  
riders, are filing suits against their  
tormentors in large sums. It is rather  
a serious business to run up against  
the federal court," says an exchange.  
It is quite a serious thing to run  
up against the state court in this cir-  
cuit.

**"BACK TO THE FARM."**  
In connection with a picture of the  
rude frontier cabin in which J. Ster-  
ling Morton and his wife commenced  
their life struggle, Collier's Weekly  
produces an editorial, which is so true  
and simple that we quote it in full:

"The above picture is of the house  
that J. Sterling Morton built with his  
own hands when he began life on a  
Nebraska homestead. He was a col-  
lege graduate and the son and grand-  
son of men with intellectual occupa-  
tions. The young wife who did the  
cooking in this house had a similar  
cultivation and ancestry. In his  
home Morton had the career which  
ended in a cabinet office, and raised a  
son who was also a cabinet member.  
What young couple is so poor today  
that such a home is beyond them?  
Granted the willingness to work with  
their hands, and granted that educa-  
tion and city life have not made them  
effeminate? Granted the same endow-  
ment of character and mind, a  
career of equal dignity and fulfillment  
is as possible today. Much so-called  
social reform is governed by a spirit  
which puts the mark of intolerable  
barriers upon those conditions which

call out initiative and hard work. As  
we hinted the other day, most of the  
city dwellers, whom the reformers  
seek to mark as objects of pity and  
governmental solicitude, could cure  
many of their own ills by a thirty-  
mile walk into the country. A whole-  
sale exodus of the kind would do  
much to restore the economic balance,  
solve the question of the unemployed,  
and mend most of the troubles about  
which Socialists and philanthropists  
lie awake. It would insure genera-  
tions of clean bodies and sound minds,  
just as surely as keeping them in the  
city, coddling them there, and putting  
premiums on the absence rather than  
the presence of initiative and self-re-  
liance, will breed a poor race. Says  
Debs, the Socialist candidate for pres-  
ident: 'Had Lincoln been born in a  
sweatshop, he would never have been  
heard of.' Had Lincoln's ancestors,  
or Lincoln himself, been of the lax  
fibre which sticks to the sweatshop  
because of the light, the crowds, and  
the steam-heat, probably they never  
would have been heard of. But they  
had the self-reliance and self-suffi-  
ciency which makes the more solitary  
life of the farm endurable. Any  
sweatshop worker can give his chil-  
dren much more than Lincoln's start  
by a two days' walk in the country  
and a self-abnegation sufficient to deny  
himself Coney Island and the corner  
saloon."

The foregoing is in timely connec-  
tion with the "Back to the Farm"  
movement. In New England, 'tis said,  
farms are abandoned and standing  
idle. In New York farmers, unable  
to get help, are selling out  
on the best terms they can and leav-  
ing. The middle west, Ohio, Indiana  
and Illinois, are fast becoming states  
with large cities and tenant farmers.  
The west is crying for harvest hands,  
and the increasing population is forc-  
ing the price of beef and food stuffs  
to an alarming figure.

In the great cities, while this con-  
dition existed in the country, work-  
men were idle and suffering. The  
laborer in the city lives in crowded,  
unhealthful tenements, where he can  
enjoy none of the advantages of a  
city, and can only be continually ir-  
ritated by the sight of blessing en-  
joyed by others, but denied to him. In  
the country he could live in a good home,  
with plenty of room for the children,  
plenty of the most wholesome food  
and water, and no one to flaunt  
greater prosperity in his face.

Moreover, as Americans learn how  
to farm, these abandoned homesteads  
will be valuable. Men now own more  
land than they can properly care for.  
Instead of seeing how many acres  
they can till, men will see how much  
they can produce on one acre. Then  
farming in the vicinity of great cities  
will become profitable.

The removal of tenement dwellers  
from the cities to the country, will  
be a patriotic work. It will lessen  
the suffering, and increase the pro-  
duction besides improving the con-  
dition of men. Some of these city  
dwellers do not know what the coun-  
try is like. There is a work here of  
national scope and significance for  
someone that knows how. Eventually  
the problem will solve itself, as usual  
leaving in the wake of its slow pro-  
gress thousands of corpses and broken  
lives. The modern method should be  
to stimulate the movement.

## SLIGHTLY HUMOROUS.

"What is the name of your new  
novel?"  
"The Dungeon." Good, gloomy  
title, eh?"  
"Yes. That name alone ought to  
get the book among the six best cel-  
lars."—Kansas City Journal.

## His Qualification.

Managing Director—Well, and what  
are your qualifications for the post of  
night watchman?  
Applicant—Well, sir, for one thing,  
the least noise wakes me up.

**Arranging for the Defense.**  
The ethics of the difference be-  
tween the professional opinion of a  
paid advocate and the honest con-  
viction of a learned man were set  
forth by a well-known English bar-  
rister who died recently. It was a  
case of murder, and the client and  
counsel were closeted together.  
"Smith," said the barrister, "of  
course I know you didn't murder the  
man, but, as a matter of fact, did  
you do it with the butt end of a re-  
volver or with a stick?" "Sir," said  
Smith, "I swear I am innocent." "I  
know that perfectly well, but you  
must tell me. For if you did it with  
a revolver, I shall say to the prosecu-  
tion, 'produce the stick!' and if you  
did it with a stick, I shall say, 'pro-  
duce the revolver!'" The client  
paused and scratched his head medi-  
tatively. "It was the butt end of  
a revolver," said Smith. "That's right!"  
said the counsel; "I think I can get  
you off now."—The Argonaut.

# THE VANISHING FLEETS

By  
ROY NORTON  
ILLUSTRATED BY A. WEIL

(Continued from last issue.)

## CHAPTER XX.

**What Befell the Emperor.**  
Like a lonely rock that has with-  
stood the fury of a storm and the bat-  
tling of the seas to emerge again  
into sunlight, the president felt his  
hour of justification approaching. His  
hour of triumph was at hand, and his  
prayers were being answered; but the  
task was not yet done.

The unqualified victory over the  
Japanese fleet made the outcome of  
the war a certainty; hence it was with  
patience that the administration  
waited for the next move in the far  
east, which must of necessity come  
from China. There was no doubt that she  
would assist her ally. At first this  
seemed an imminent action; but sev-  
eral days passed bringing through the  
secret service no news save that her  
fleet, huge and well manned, was  
making preparations to sail. The  
president, knowing that for the accom-  
plishment of his purpose oriental  
power must be broken; indulged in the  
fervent hope that the attack might  
come soon.

There was less trouble internally,  
as the people were beginning to have  
faith in the administration, though  
they were speculating as to what  
course of procedure was being fol-  
lowed. It was while affairs were in  
this condition that the sailing of the  
British fleet was duly announced  
through secret channels of informa-  
tion. The coterie saw before it the  
necessity of either abandoning the  
hope of teaching China a drastic lesson  
and announcing its secret to the world  
or meeting the British squadrons and  
holding them hostage in the interest  
of peace. They chose the latter al-  
ternative, and thereby was caused the  
strangest chapter in the history of war.

Like that other silly outward to the  
western seas, this one was timely.  
It was made when the British fleet might  
be met beyond the reach of wireless  
telegraph communication, and the pe-  
riphery from the key was also under  
cover of darkness. Again there was a  
resemblance to the Japanese affair.  
In that the appearance of the radio-  
planes created surprise and consterna-  
tion on the warships. Here, however,  
the similarity ended. The Anglo-  
Saxon mind knows no such thing as  
surrender when once it is stirred to  
the depths of its stubbornness. It can  
read only two answers to the riddle  
of conflict—victory or death—as has  
been attested by many a hard-fought  
battle on land and sea.

The armada of Great Britain had  
sailed with apprehensions, being full  
convinced that it was invading a ter-  
ritory of mystery and danger, and the  
vigilance of its watch, therefore, was  
never relaxed. The consternation  
caused by the first sight of the aerial  
fleet was immediately followed by a  
hurried clearing of the decks for ac-  
tion, although defeat in a battle  
against such overpowering odds was a  
foregone conclusion. No gun was  
fired, however, and all stood expect-  
antly awaiting a declaration of intent  
from the monsters of the air which  
had come upon them in the full glare  
of the afternoon sun.

With slow and stately majesty the  
radioplanes approached, each flying  
the flag of the United States and be-  
neath it the emblem of truth. The  
Dreadnought, answering sluggishly  
to the swell and hurling great cascades  
of water from its bow, was in the  
heart of the formation, and in its pon-  
derous might seemed fearless of any-  
thing afloat. Toward it the foremost  
radioplane directed its course, drop-  
ping steadily down until full abreast  
and on a level with the great fighting  
tops, while the officers of the battle  
ship watched with amazement its  
splendid control. Not till then was  
there a visible display of life aboard  
it. A port opened and into the black-  
ness of its frame Bevis emerged,  
while directly behind him stood the  
scientist, who had recovered, and was  
to witness the first full demonstration  
of the power he had evolved. On the  
bridge of the battle ship the British  
admiral stood, surrounded by staff of-  
ficers.

"Good afternoon, admiral," the  
American hailed. "Glad to see you.  
How do you like the looks of us?"

Across Fields' face flitted a half  
smile. "We are very well indeed, Ad-  
miral Bevis; but can't say we are  
particularly glad to see you, or sure  
that we like you until we know more.  
Clever invention that. Must have  
been conceived by an Englishman."

Behind the United States officer a  
withered little figure became im-  
bued with a sudden frenzy of passion  
that threatened to interject an un-  
pleasant remark; but Bevis checked  
him with a laugh and grew serious  
again.  
"Admiral," he said, "my country  
isn't at war with yours. You under-  
stand that?"  
Fields looked relieved, and lost  
somewhat of his air of set defiance.  
At the head of his men he crossed to  
the end of the bridge where he might  
be nearer the one addressing him. The  
nervous strain of the situation was be-  
ing rapidly diminished. "Frankly, I'm  
glad to be reassured," he replied.

"There are a lot of things we'd rather  
know."  
"And which I shall be glad to ex-  
plain if you and a dozen of your im-  
mediate subordinates will come aboard  
as my guests."

The invitation was immediately ac-  
cepted; but it was a trying interview  
for the Britons. The machine on  
which they were received was the  
Roberts, which was the latest pro-  
duction of the plant on the key. It  
was larger than its predecessors, and  
had been made the most pretentious.  
It was elegantly appointed. Amid-  
ships it contained a drawing room on  
which the most careful workmanship  
had been lavished. The guests gathered  
round a huge mahogany table,  
whose polished top reflected the light  
from the colored ports of the dome,  
and were served with refreshments be-  
fore Bevis resorted to the object of  
his visit. He drew from his pocket  
an official packet and laid it open be-  
fore him.

"Gentlemen," he began, "of course  
you are interested in all that you have  
seen, and in the attitude of the United  
States. What I shall read to you are  
my orders. I have come out here to  
meet you for the purpose, first of all,  
that you may hear them."

The Roberts had ascended to an al-  
titude above the others of the Ameri-  
can fleet, and was resting in mid air.  
It was very still, the light hum of a  
small dynamo from behind the parti-  
tions being the only disturber of si-  
lence. He opened the document and  
read:

"You are instructed to intercept the  
British fleet and assure its officers of  
the good will of the United States to-  
ward his majesty, King Edward VII.,  
and all his subjects. You are to ex-  
plain to them that the United States is  
compelled, in pursuance of its adopted  
policy formulated at the commence-  
ment of the war with Japan, to main-  
tain the secret of its power until such  
time as it is deemed expedient to an-  
nounce it to the world. You will then  
endeavor to induce the British fleet  
to surrender itself into your hands as  
guests of this country, assuring those  
in command that all damages accru-  
ing will be repaired by the United  
States. You are to use all due caution  
to avoid injury to life, property, or  
pride, and to transport the entire fleet  
to the waters of Chesapeake bay, after  
which for a brief period the officers  
and men of Great Britain will be en-  
tertained by the United States."  
(To be continued in next issue.)

**YOU DON'T HAVE TO WAIT**  
Every dose makes you feel better. Last-  
Po keeps your whole system right. Sold on the  
money-back plan everywhere. Price 10 cents.

## 2-MINUTE SKETCHES

Ralph Waldo Emerson.

By ROBERTUS LOVE.

EMERSON was pure intellect.  
Though he lived in America  
during the nineteenth century  
for nearly eighty years, he was  
not materially influenced by the sur-  
roundings and the events of his time  
and country. He dwelt in his own  
world of mental contemplation. From  
his time during his long life he  
in the world the fruits of those  
speculations in lectures, essays and  
poems. But so far as externals go out  
of his essays or poems might have  
been written in any other age or in  
any other country. He was not mat-  
terially American; he was universal.

Perhaps no writer ever lived the  
sum of whose literary work is an ex-  
cess of vulgarity. All of the Em-  
ersonian output is simply thought re-  
fined to the uttermost. There is no  
humor save in the way of sarcasm,  
and the sarcasm is lofty and benevo-  
lent.

Emerson was a supreme idealist. He  
never climbed toward ideals nor groped  
in the dark after ideals, for he was  
the exponent of ideas already attain-  
ed. The great commercial world rag-  
ed around him, but he held aloof, con-  
tent to live simply and frugally, rich  
in his own wisdom.  
The great lesson of Emerson's life  
and teachings lies in his conception of  
the inherent nobility of the human  
soul. He repudiated utterly and with  
earnest scorn the age worn conception of  
man as a sinful and filthy maggot  
crawling about the earth asking alms  
of a superior divinity. The godliness  
residing in humanity, the inherent pos-  
sibilities of the soul of man from low-  
er to higher, the divine dignity of life  
upon earth—these things Emerson be-  
lieved and felt and taught for more  
than fifty years.

**Miss Ethel to Make Debut.**  
Washington, July 14.—Miss Ethel  
Roosevelt, who is now at Oyster Bay  
with her parents, will celebrate her  
19th birthday next month by a small  
house party of girl friends.

The president and Mrs. Roosevelt  
have decided to present her to society  
at an unusually youthful age for a  
debutante. In order that she may be  
a white house bud. It is expected she  
will make her bow to society at a ball  
in the east room, like her elder sister,  
Mrs. Longworth, who was also pre-  
sented at an early age.

**First Kid—**Huh, yeh got a new  
hair cut!  
**Second Kid—**Aw, gwan; it's de old  
one trimmed over.—Cornell Widow.

# HANDLE CROWDS

PLANS BEING MADE BY ILLINOIS  
CENTRAL FOR AUG. 8.

Crowds of Colored Excursionists Will  
Be Unloaded at Eleventh and  
Broadway.

Extensive arrangements are being  
made by local officials of the Illinois  
Central railroad to handle the throngs  
of colored excursionists that will come  
to the city August 8. Every avail-  
able passenger coach will be brought  
into service. The crowds will be load-  
ed and unloaded at Eleventh street  
and Broadway, and the cars "stuffed"  
on the tracks of the north yards dur-  
ing the day. The road has been suc-  
cessful in handling the crowds that  
came to Paducah on this occasion dur-  
ing previous years and the same good  
success is anticipated this year.

## ON PLAIN BUSINESS BASIS.

Seeking For Best Bargain In Select-  
ing a Wife.

Pitts is a sharp fellow, a man of  
business tact, says the Philadelphia  
Inquirer; and when Pitts goes into  
a shop he always gets the lowest cash  
price, and says:

"Well, I'll look about, and if I  
don't find anything that suits me bet-  
ter, I'll call and take this."

Pitts, like all sharp men, is par-  
ticular to women, and young ones in  
particular. Now, quite lately, Pitts  
said to himself:

"I'm getting rather along in years  
and think I'll get married."

His business qualities would not  
let him wait, so off he travels, and  
calls on a lady friend, opening the  
conversation, remarking that he  
would like to know what she thought  
about his getting married.

"Oh, Mr. Pitts, that is an affair in  
which I am not so very greatly inter-  
ested, and I prefer to leave it with  
yourself."

"But," says Pitts, "you are inter-  
ested, and, my dear girl, will you  
marry me?"  
The young lady blushed very red,  
hesitated, and, finally, as Pitts was  
very well-to-do in the world, and  
morally, financially, and politically  
of good standing in society, she ac-  
cepted him. Whereupon the matter-  
of-fact Pitts said:

"Well, well, I'll look about, and  
if I don't find anybody that suits me  
better than you, I'll come back."

The new Mary Michael was launch-  
ed Saturday in the Tennessee river at  
Langstaff & Orm's. She is just a little  
smaller in dimensions than the old  
boat Mary Michael, but will be much  
faster and more powerful. Most of  
the machinery of the old boat will  
be put on the new one. The new boat  
when completed will be one of the  
best towboats that strike the Padu-  
sch harbor.

Miss Bunkerhill—Have you read  
Scott's novels?

Miss Laker—All but his "Emul-  
sion." I have seen it advertised a  
great many times in Chicago, but I've  
never been able to get a copy.—  
Judge.

The Evening Sun—10c a Week.

# THE STATE UNIVERSITY

Lexington, Ky.

The State University, Lexington, Kentucky, offers the follow-  
ing courses, namely, Agricultural, Mechanical Engineering, Civil  
Engineering, Electrical Engineering, Mining Engineering, Classi-  
cal and seven Scientific courses each of which extends over four  
years and leads to a Bachelor's degree; also a Department of  
Law and a Department of Education, which last has been estab-  
lished instead of the Normal School. Persons who enter this de-  
partment prepare for advanced work in pedagogy and are granted  
a Bachelor's degree in this subject when completed. The Academy  
for preparatory instruction is retained.

County appointees receive free tuition, privilege of residence  
in the dormitories, fuel and light, traveling expenses, if they re-  
main ten consecutive months, or one collegiate year.

The laboratories and museum are large, well equipped, compre-  
hensive and modern. Military Science is fully provided for, as  
required by Congress.

The graduates in the several courses of study readily find em-  
ployment with liberal remuneration. The total number of mat-  
riculates for last year was 10781. Each department has a spe-  
cialist at its head, with the necessary number of assistants.

Young women find an excellent home, with board and lodging,  
in Patterson Hall, which is well equipped with all the modern  
conveniences, bathroom, hall for physical culture, at \$3.00 per  
week. All courses of study in the University are open to women  
on identical conditions with those applying to males.

The completion of the Agricultural, Mining Engineering, Lab-  
oratory and Education buildings afford ample and commodious  
quarters for these departments, which are rapidly increasing in the  
number of matriculates.

For catalogues, methods of obtaining appointments, informa-  
tion regarding courses of study and terms of admission apply to

JAMES K. PATTERSON, Ph. D., LL. D., President.  
Or to D. C. FRAZEE, Business Agent.

Fall Term Begins September 10, 1908

415-417 BROADWAY  
QUARTERS TO MEN AND BOYS

**THE** men with appreciation of the value of economy are taking advantage of these great reductions now on in all our departments, for it's an ordinary thing to save \$20 on just a few purchases.

30 to 40 per cent reductions on everything.

## THE LOCAL NEWS

—Forms for real estate agents for sale at this office.  
—Dr. Gilbert, osteopath, 400 1/2 Broadway. Phone 196.  
—We can give you the finest carriages in the city for wedding, ball and theater calls. Our prices are lower than those charged for like service in any city in America. Our service is second to none, and the best in this city. Palmer Transfer Company.  
—Sexton, sign writer. Old phone 401.  
—Visit Page's short order restaurant, 123 South Second.  
—For facial massage, scalp treatment and shampooing and for the full line of the Franco-American Hygienic Toilet requisites, consult Mrs. Buhr, 621 Monroe.  
—Cameras, Cameras, Cameras, and Kodak supplies of all kinds at R. D. Clements & Co.  
—Paducah draught beer on tap at Palmer bar.  
—If you have James Duffy to do your cleaning and pressing your clothes will always look like new. Old phone 338-a.  
—Wall paper for sale, 20,000 rolls to be sold in the next sixty days regardless of cost, for cash only. Selling out on account of illness. Both phones 665. Kelly & Umbaugh, 321 Kentucky avenue.  
—We have just received a new stock of metal designs, at all prices. C. L. Brunson & Co., 529 Broadway.  
—For house numbers, door plates, brass stencils, brass and aluminum checks of all kinds, rubber type signs, markers. See The Diamond Stamp Works, 115 South Third. Phone 358.  
—City subscribers to The Daily Sun who wish the delivery of their papers stopped must notify our collectors or make the requests direct to The Sun office. No attention will be paid to such orders when given to carriers. Sun Publishing Co.  
—Paducah draught beer on tap at Palmer bar.  
—Moonlight excursion given by ladies of Tenth street Christian church on steamer Dick Fowler Tuesday evening, July 14. Fare round trip 25 cents. Refreshments on boat. Leaves wharf at 8 p. m.  
—The general increase of business has caused a number of former railroad engineers who were "rolled" to the places of freemen to be given back their old jobs, while the freemen profit to the extent of getting their old places back.  
—The third quarterly conference of the Broadway Methodist church will be conducted this evening by Rev. Blackard at 8 o'clock. All officers are earnestly requested to be present.  
—Ice cream social, given by Evergreen Grove No. 13, W. C., Friday evening, July 17th, at Sixth and Husband. Speaking.

The Evening Sun—10c a Week.

## Genuine Bristle Brushes

For many years the genuine bristle brush made in Japan has been recognized as the best. They are made with a care which would only be possible in the Orient; in this day of rush and hurry. We have the most complete line of bristle brushes in the city—tooth brushes, hair brushes, nail brushes and brushes for all the other manifold uses which they have in the modern toilet—and they are reasonably priced, too. We invite you to come and see them.

**Gilbert's Drug Store**  
4th and Broadway  
Phone No. 77.

## SERGEANT BLAKE

GOES TO ST. LOUIS TO BE PHOTOGRAPHED.

Recruits Received Here By Captain Reed—New Officer Coming to Paducah.

Sergeant C. A. Blake, of the local recruiting office, will leave tomorrow morning for Jefferson Barracks, St. Louis, to have his photograph taken and thumb marks registered, in accordance with a recent order of the war department. Corporal Anthony Petoskey, of the Cairo office, will relieve Sergeant Blake here and have charge of the office in his absence. It is not known how long Sergeant Blake will be required to stay in St. Louis, as the number of men there on similar missions will regulate his visit.

Captain W. L. Reed came to Paducah from Cairo this morning and accepted two men enlisted by Sergeant Blake. Erwin Shadowen, of 601 Guthrie avenue, and Lon Stubbs, of Berry Ferry, enlisted in the cavalry and will go to Jefferson Barracks with Sergeant Blake tomorrow. Captain Reed enlisted four men at Cairo. That a man's reputation is enhanced by having served in the army is shown in a communication Sergeant Blake has from Milwaukee where the manager of the street railway there has announced that any man with an honorable discharge from the army has sufficient recommendation to get a position at any time with his company. In other cities ex-regimentals stand a good chance to get speedy employment from having served in the army, and little trouble from them is reported by employers.

## HOTEL ARRIVALS

Palmer—Gus Bretz, Louisville; R. V. Smith, St. Louis; D. H. Adams, Chicago; O. H. Hargrove, New Orleans; S. Agatstein, Cincinnati; B. A. Holdridge, Kalamazoo, Mich.; E. O. McCabe, Chicago; L. O. Wilson, Sapulpa, Okla.

Belvedere—J. A. Anderson, St. Louis; H. M. Smith, St. Louis; J. K. Bear, Louisville; H. Russell, Chicago; W. P. Morrison, Centerville, Tenn.; L. R. Noble, Mattoon, Ill.; C. Richey, Louisville; W. J. Atkinson.

New Richmond—Louis Hybee, Cincinnati; C. C. Sawyer, Indianapolis; H. W. Vosburgh, Dayton, O.; I. H. Ford, Benton; C. J. Koppier, Dayton; J. D. Lambert, Cincinnati; E. J. Brown, Dycusburg; B. Skinner, Kuttawa.

**BOMB STUNS PRISON WARDEN.**  
Mysterious Explosion in Leavenworth Hurts R. W. McClaughry.

Leavenworth, Kas., July 14.—An apparent attempt to assassinate Warden R. W. McClaughry, of the federal prison, by means of a bomb, which was exploded near the wagon, while he was driving through the streets of Leavenworth, has mystified the local police.

Warden McClaughry and his son, Will, head of the United States bureau of identification, were driving west on Cherokee street, Saturday, when a terrific explosion took place opposite the right front wheel of their wagon. The warden, his son and the driver, were stunned by the explosion, which was heard all over the business section of town.

A prisoner, who was driving a prison wagon in the rear of the warden's vehicle, said he saw the missile which caused the explosion, thrown from a second-story window.

Goes to Hopkinsville.

Mr. James H. Hurt, of Calloway county, was here this afternoon en route to Hopkinsville, where he accepted a position at the Western Asylum for the Insane. He will move his family to Hopkinsville in a few weeks.

Mr. Tom Robinson, of Jacksonville, Tenn., will arrive tomorrow for a few days' visit with Paducah friends.

FIVE first-class barbers and three nice tubs. W. D. Murray, 108 South Third street.

## IN SOCIAL CIRCLES

**Barbour-Ostrander.**  
The marriage of Mr. James A. Ostrander, of St. Louis, and Mrs. Hattie Barbour, of Paducah, Ky., was solemnized yesterday afternoon by Judge Alfred Comings at his office.—Cairo Bulletin.

**Woman's Advisory Committee.**  
Governor A. E. Willson has complied with a resolution adopted in the Paducah meeting of the Kentucky State Federation of Women's clubs, which asked for a committee of women to assist in the selection of the furnishings for the new state capital. Mrs. Letcher Riker, the federation president of Harrodsburg, has appointed on this advisory committee Mrs. Gilmer S. Adams, of Louisville; Mrs. Lee Huffman, of Lexington; and Miss Rebecca Ayerill, of Frankfort.

**Music and Musicians.**  
Tentative plans are announced for Prof. Harry Gilbert and Mr. Will Reddick to give organ recitals every Wednesday afternoon at 5 o'clock in the First Christian church, which will be open to the public. Prof. Gilbert will arrive July 21 from Dallas, Tex., for a six weeks' stay and the recitals will be given in August.

**Wed in Cairo.**  
Miss Ida Hale, a popular young lady of Mechanicsburg, and Mr. Fred Beecher, of Indianapolis, were married in Cairo, Ill., Sunday, July 12. Mr. Beecher is a concrete worker employed by W. B. Katterjohn. They are residing with the bride's mother at 1800 Meyers street. They will leave shortly for Indiana to reside.

**Trolley Party.**  
Miss Lucile Well and Miss Almee Dreyfuss will entertain next Monday night with a trolley ride in honor of the young lady visitors in the city and their friends.

An occasion to Paducah musical circles of much interest is Mrs. Frank N. Burns, a talented organist and pianist, who joined her husband, Attorney F. N. Burns, here last week. Mrs. Burns began playing on the pipe organ at 12 years and this early ability has matured in keeping with the hopes of her Ann Arbor, Mich., friends. For four years she taught in the college of music of the University of Michigan and has played at various Chicago churches. Sunday morning she played at the First Baptist church in this city.

Mrs. J. H. Buchanan and children, of 1527 North Thirteenth street, have returned from a several weeks' visit with friends and relatives at Elmhurst.

Mrs. Elizabeth Rayburn is ill at her home, 945 Clay street.

Mr. and Mrs. J. B. Tally, of 912 Broadway, left for Little Egypt this morning to visit friends and relatives.

Mrs. Henry Gallman was removed from Riverside hospital to her home, 1124 North Tenth street, and is rapidly recovering from an operation.

Col. J. C. McElrath and Mrs. J. H. Coleman, of Murray, arrived this afternoon to attend the Coleman-Brooks wedding.

Mr. S. H. Dees, cashier of the Bank of Murray, was here this afternoon. Mr. Emmet Holland, agent for the Southern Express company at Murray, was here this afternoon.

Mr. C. G. Nuckols left today on a business trip to Kuttawa and Eddyville.

Mr. Gilbert Bailey left at noon today for a visit with friends at Dawson and from there will go to Louisville on business.

Mr. Louis Gable returned to Henderson today after a visit and business trip of two weeks in this city.

Attorney Cecil Reed left today for Chalmers Springs where his family is visiting, and will return home with them.

Mr. Samuel Winstead has returned from a two weeks' pleasure trip to St. Louis.

Miss Elsie Hodge, Miss Garnet Buckner and Mr. Will Rinkieff and Mr. Guy Martin left today for Greenville to attend a house party to be given by Mr. Martin's mother.

Miss Budy Long, of Mayfield, is visiting Mrs. F. L. Brown, 1031 Trimble street.

Mrs. P. V. Kimbrough, wife of Dr. F. V. Kimbrough, of Maxon Mills, has gone to Guthrie, Tenn., to visit relatives for two weeks.

Miss Mattie Conley, a nurse at Riverside hospital, has been granted a leave of absence of two weeks to visit her parents in Wickliffe.

Mr. Jamie Brooks, of Chicago, is here to attend the Coleman-Brooks wedding tomorrow.

E. J. Hendrick, of Madisonville, is in the city.

Mrs. J. W. Magner is confined at her home, 1249 Trimble street, with illness.

Will Fitz, a machinist at the Illinois Central shops, is sick today.

Mr. Will Maxwell, of Martin

## NEWS OF COURTS

**In Police Court.**  
The Jake Biederman Grocery and Baking company was fined \$20 and costs in police court this morning for violating the Sabbath by selling groceries on Sunday. A similar charge against C. E. Blacknell was left open until July 16.

Fred Bryant was fined \$5 and costs for breach of the peace and similar charges against Will Cramer and Elmer Wyatt were dismissed.

John Walker was dismissed of a charge of carrying concealed weapons.

Hughlett Johnson, alias "Roughie Jack," was held to the grand jury for obtaining money by false pretenses. John Smith and Ed Blaney were fined \$5 each for a breach of the peace.

**Civil Cases Passed.**

On account of being absent from the city Magistrate Emery has continued all the civil cases on his docket until the second Monday in August.

**PREHISTORIC IDOL**

Discovered By Cincinnati Explorers in a Cave on Kentucky River.

Frankfort, Ky., July 14.—While exploring Boone's Cave, in the cliffs of the Kentucky river, above High bridge, a party of Cincinnati traveling men discovered the image of a mastodon carved in a mass of solid rock, which was the idol of the cave-dwellers of prehistoric ages. They also discovered and are carrying home with them petrified bones of human beings or animals that inhabited the cave thousands of years ago, and these will be turned over to the museums when they reach Cincinnati.

What they call the Chamber of Needles was also entered; hanging from the roof and sides are thousands of sharp-pointed stones from one to three feet in length, and the largest not more than an inch in diameter.

They also discovered a river in the cave flowing through the ledges of rock as crooked as a serpent and not more than three or four feet in width. The bottom of the river was not found.

The members of the party were J. C. Smith, L. Striker, C. C. Forrester, George Swain, Rich Klotzbach and O. B. Wheeler, who made the trip from Dayton to the cave in the gasoline launch "Itsky," which is owned by Captain Smith.

**NEW JAP CABINET.**  
Formal Announcement of Changes Will Be Made Today.

Tokio, July 14.—The announcement of the formal appointment of the new cabinet is expected this afternoon. It is probable that the portfolios will be distributed as follows:

Premier—Count Katsura, combining also the duties of minister of finance.

Secretary of Home Affairs—Baron Hirata.

Foreign Secretary—Count Komura, now ambassador to England. Until Count Komura's return, Viscount Terachi will act in his stead.

Department of Justice—Viscount Okabe.

Department of Education—M. Komatsubara.

Communications—M. Goto, president of the South Manchurian railway.

Agriculture and Commerce—M. Ourari.

The heads of the war and navy departments will not be changed.

"Have you," asked the judge of a recently convicted man, "anything to offer the court before sentence is passed?"

"No, your honor," replied the prisoner, "my lawyer took my last farthing"—Tit-Bits.

**EX-ALDERMAN IS FOUND DEAD.**  
Suicide Leaves Note Denouncing His "Many Times Murderer."

St. Louis, July 14.—The body of John F. Waters, thirty hours after death, was found in a squalid room at 615 North Eighth street this morning. He had been twice a member of the St. Louis city council. Near his body were morphine tablets, a bottle of whisky and a farewell note saying he was homeless, had but one friend, his foster daughter, Mrs. Richard Costello, wealthy, of 6210 Maple avenue, whom he adopted when she was 6 months old. The note closed by denouncing a man driving him to suicide by stories derogatory to his character, and saying that the dying wish of the suicide, who "is only an old man in the way," is that his many-times murderer and thief will be brought to justice. Waters, after being police turnkey here, was last employed as bookkeeper at Cairo, Ill.

**PLAN TO MAKE KOREA FREE.**  
Representatives From All Over the World to Meet in Denver.

Denver, Col., July 14.—Koreans coming from all parts of the world will meet in convention in this city to discuss measures for making Korea independent. There are only thirty-six delegates, but they are men of high education and absolute devotion to their cause. Some of the distinguished men in the gathering are: Syngman Rhee, Harvard graduate, Korean representative at The Hague; Y. W. Kim and M. S. Yi, leaders of the United Korean Reform associations of the United States, Korea and China; P. K. Yoon, representative of the emperor at The Hague; Y. M. Park, H. L. Augh, K. Y. Rey, C. S. Kim, C. C. H. Kim and S. K. Kim.

Terms \$25 cash and \$5.00 per month if desired. Let us show you. Call on S. B. Caldwell, Real Estate Agent, 129 South Fourth street. Phone 789.

**AMERICA IS THE "BENJAMIN"**

Rome, July 14.—The pope received in private audience the students of the American college, headed by the rector, Mgr. Kennedy, for the presentation of their felicitations on the occasion of the papal jubilee. Mgr. Kennedy delivered an address and the pope in reply thanked him cordially, saying: "America is young, but the father always loves more the youngest child. In every family there is a Benjamin; America is the Benjamin."

The pope imparted his benediction to American Catholics and to the institution represented by Mgr. Kennedy.

Mgr. Kennedy presented an offering of \$1,000 from the students and also a painting of the pope by A. Muller Ury, of New York.

## S.S.S. THE CURE FOR SCROFULA

Swollen glands about the neck, weak eyes, pale, waxy complexion, running sores and ulcers, skin diseases, and general poor health, are the usual signs in which Scrofula is manifested. The disease being deeply entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, and the scrofulous and tubercular matter so thoroughly destroys the healthful properties of the blood that Scrofula sometimes terminates in consumption, an incurable disease. The entire circulation being contaminated, the only way to cure the trouble is to thoroughly purify the blood and restore the circulation to a strong, healthy state. S. S. S. is the very best treatment for Scrofula; it renovates the entire blood supply and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes right down to the very bottom of the trouble and removes the cause, but it supplies the weak, diseased blood with the healthful properties it is in need of, and in this way builds up weak, frail, scrofulous persons and makes them strong and healthy. S. S. S. is a gentle, safe, vegetable preparation and is suited for persons of any age. Book on the blood containing information about Scrofula and any medical advice free.

## MRS. SHYROCK

DIED IN CHICAGO AND IS BURIED AT LOUISVILLE.

Daughter of Henry Enders and Sister of Mrs. David Sanders—Many Friends Here.

Mrs. George S. Shyroch, formerly a well known lady of Paducah, died in Chicago last week and the body was buried in Cave Hill cemetery at Louisville. Mrs. David Sanders, a sister of Mrs. Shyroch, was notified at Clinton, Ill., where she was visiting her daughter, Mrs. Louis Hassman, and attended the funeral and burial at Louisville.

Mrs. Shyroch was a daughter of Mr. Henry Enders, a pioneer resident of Paducah, and the greater portion of her life was spent in this city. She was married here, several years ago to George S. Shyroch, who died in Louisville. One daughter, Miss Georgia Shyroch, survives. Mrs. Shyroch leaves one brother, Mr. William Enders, of St. Louis, besides her sister, Mrs. Sanders, of Paducah. During her residence in Paducah before her marriage, Mrs. Shyroch was a society favorite. She frequently visited here since her marriage and had many friends in the city.

Kennedy's Laxative Cough Syrup acts gently upon the bowels and thereby drives the cold out of the system. Sold by all druggists.

"Can't you help me, sir?" asked the beggar on the street to the passer-by; "I don't know where my next meal is coming from!"

"Neither do I," said the man addressed, passing on; "our girls left this morning, too!"—Yonkers Statesman.

Kodol will without doubt help anyone who has stomach disorders or stomach trouble. Take Kodol today and continue it for the short time that is necessary to give you complete relief. Kodol is sold by all druggists.

## CITY ORDINANCE

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF SIDEWALKS, TOGETHER WITH CURB AND GUTTER, ON BOTH SIDES OF BROADWAY, FROM A POINT WHERE SAME INTERSECTS THE EAST CURB LINE OF FIRST STREET TO A POINT WHERE SAME INTERSECTS THE WEST CURB LINE OF WATER STREET, ABOUT SEVENTY-TWO FEET BELOW THE EAST PROPERTY LINE OF BROADWAY; AND FOR THE CONSTRUCTION OF SIDEWALKS, TOGETHER WITH CURBING, FROM THE SOUTH PROPERTY LINE OF BROADWAY, WAY ON THE WEST SIDE OF WATER STREET, TO A POINT WHERE SAME INTERSECTS THE NORTH CURB LINE OF KENTUCKY AVENUE; AND FOR THE CONSTRUCTION OF SIDEWALKS, TOGETHER WITH CURB AND GUTTER, ON THE NORTH SIDE OF KENTUCKY AVENUE, FROM A POINT WHERE SAME INTERSECTS THE WEST PROPERTY LINE OF WATER STREET TO A POINT WHERE SAME INTERSECTS THE EAST CURB LINE OF FIRST STREET, IN THE CITY OF PADUCAH, KENTUCKY.

BE IT ORDAINED BY THE GENERAL COUNCIL OF THE CITY OF PADUCAH, KENTUCKY: Sec. 1. That the sidewalks, together with the curbs and gutters, on both sides of Broadway, from the east curb line of First street to the west curb line of Water street, about seventy-two (72) feet below the east property line of Broadway; and the sidewalks, together with curbing, on the west side of Water street, from the south property line of Broadway to the north curb line of Kentucky avenue; and the sidewalks, together with curb and gutter, on the north side of Kentucky avenue, from a point where same intersects the west property line of Water street to a point where same intersects the east curb line of First street, in the City of Paducah, Kentucky,—be, and the same is hereby ordered to be originally constructed of the materials hereinafter set out; all of the sidewalks hereinabove mentioned, together with the gutters where provided for, shall be constructed of granite material, and all curbing provided for herein to be constructed, shall be of granite curbing material, suitable in all respects for such construction; all to be done in strict accordance with the plans, grades, specifications, widths and profiles of the City Engineer, made and provided by him for such purpose, all of which are adopted as a part of this ordinance as fully as if embraced herein or attached hereto, and made a part hereof, and marked "A" for more specific identification.

Sec. 2. That said work shall be constructed under the direction of the Board of Public Works and the supervision of the City Engineer, and shall be commenced at a time designated by contract for the performance of said work, and completed on or before six (6) months after the passage, approval and publication of this ordinance.

Sec. 3. That cost of such construction of said sidewalks, curbs and gutters, shall be paid for wholly by the property owners abutting or fronting thereon, to be apportioned to and assessed against the property and property owners abutting thereon, according to the number of front feet abutting thereon, except, the City of Paducah shall pay the entire cost of all intersections of streets and public alleys, if any such there be.

Sec. 4. The contractor awarded the contract for the work herein provided for, shall be paid only upon estimates furnished by the City Engineer, and approved by the Board of Public Works, in accordance with the terms of the contract made by the contractor awarded said contract, and the City of Paducah, for said work, and in no other way. The sidewalks herein provided for shall be twelve (12) feet wide.

Sec. 5. This ordinance shall take effect from and after its passage, approval and publication.

Approved July 13, 1908.

Mayor.

## HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that LYDIA E. PINKHAM'S VEGETABLE COMPOUND comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say: "I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

tion of this ordinance. Sec. 3. That cost of such construction of said sidewalks, curbs and gutters, shall be paid for wholly by the property owners abutting or fronting thereon, to be apportioned to and assessed against the property and property owners abutting thereon, according to the number of front feet abutting thereon, except, the City of Paducah shall pay the entire cost of all intersections of streets and public alleys, if any such there be.

Sec. 4. The contractor awarded the contract for the work herein provided for, shall be paid only upon estimates furnished by the City Engineer, and approved by the Board of Public Works, in accordance with the terms of the contract made by the contractor awarded said contract, and the City of Paducah, for said work, and in no other way. The sidewalks herein provided for shall be twelve (12) feet wide.

Sec. 5. This ordinance shall take effect from and after its passage, approval and publication.

Mayor.

## PYTHIAN KNIGHTS

INSTALLED OFFICERS AT MEETING LAST NIGHT.

Well Known Men Who Assume Chairs in Local Lodge for Ensuing Term.

The Knights of Pythias installed the following officers to serve the last half of 1908 at the regular meeting held last night:

L. S. Gleaves, grand chancellor; H. L. Atkins, grand M. of A.; R. L. Palmer, grand prelate; H. H. Evans, grand vice chancellor; J. W. Skelton, G. K. R. S.; T. E. Grasty, G. M. Ex.; John Dels, grand inner guard; Geo. Moller, grand outer guard. The officers installed were: R. E. Hearn, C. C.; William Guth, V. C.; J. W. Barkdale, prelate; J. F. Householder, M. of A.; L. F. Boulware, I. G.; L. B. Brooks, O. G.; A. D. Buchanan, M. of W.; A. E. Young, R. L. Palmer, A. G. Barkdale, H. L. Atkins, representatives to grand lodge, which meets at Lexington in October; L. S. Gleaves and A. D. Buchanan, alternates.

## STRANGE FIRE

DAMAGES TWO DWELLINGS AT TWELFTH AND BROADWAY.

No One Knows How Residence of Mrs. E. H. Kelly Caught on Fire.

Fire of mysterious origin almost consumed two vacant residences owned by Mrs. E. H. Kelly, Twelfth street and Broadway, at 12:45 o'clock last night. The home of W. H. Stewart was also badly charred and household goods damaged by being hurriedly carried out of the building. The fire was first discovered in the roof of house No. 1253, by Harry Maynard, who lives with Mrs. Kelly at 1246 Broadway. He called to Patrolman Whittemore, who was passing, and an alarm was turned in, being answered by the hose companies from Nos. 1, 2 and 4 fire station, and No. 4 truck company.

The fire which also spread to the roof of the house, at 1250 Broadway, was put out in short order by the firemen. The damage is estimated at about \$750. Mrs. Kelly is out of the city and it is not known how much insurance was carried on the houses, but is believed the losses are fully covered.

Hopkinsville District Report. Hopkinsville, Ky., July 14.—All branches of the tobacco market showed a decline in activity during the past week, the buyers apparently

All the patent medicines and toilet articles advertised in this paper are on sale at McPherson's Drug Store Fourth and Broadway.

## Treasures Found in Our American Forests.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers of this and other countries. Even the untold Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce, of Buffalo, N. Y., believes that our American forests abound in medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them, and, in confirmation of this conviction, he points with pride to the most marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action.

The reason why "Golden Medical Discovery" cures these and many other ailments, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood. Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odor arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating sores or ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when the blood is made pure.

"Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood. Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weakness and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus

being affected by the weather. Sixty-eight hogsheads were sold by the Planters' Protective association, through its salesmen, S. G. Buckner. The prices ranged from \$7 to \$10 for lugs and from \$10.50 to \$13 for leaf. There were 105 hogsheads received. The association this year has received 6,449 hogsheads and has sold 2,449.

John D. Scales, auditor of the organization, has issued the following report of sales made this season in the "black patch" by the Planters: Clarksville, 5,885 hogsheads; Springfield, 6,171; Guthrie, 2,587; Russellville, 698; Hopkinsville, 2,563; Cadiz, 376; Princeton, 530; Paducah, 3,546; Mayfield, 1,073; Murray,

1,694. The growing crop is doing well, rather better than had been expected, and there will likely be about 75 per cent of a crop. The Equity warehouse made no detailed report of its sales for the week, but it was stated that the prices were fully up to the schedule.

"Cheer up, my boy. You're bound to get the girl in the end." "I'm afraid not. Life ain't no melodrama." — Louisville Courier-Journal.

Our idea of a romantic girl is one who sends out invitations to her elope ment.

Foreman Bros. Electric Co., have acquired the agency of the celebrated STUDEBAKER ELECTRICS, and hereby announce the arrival of a demonstrating car. This car—a beautiful blue Stanhope—will be demonstrated under the personal supervision of the Studebaker Automobile Co.'s Southern representative. Appointments for demonstrations may be made over either phone, 757, or in person at our salesrooms, 121-123 North Fourth street.

## CITY RECEIVES

\$226 OF ITS \$250 GIVEN TO ENTERTAINMENT FUND.

Reinized Report of Money Spent for K. T. M. Arrangements Is Made Out.

The report of the receipts and disbursements of money used to decorate the city and provide entertainment for the K. T. M. convention shows that while the committee of the Commercial club made elaborate arrangements for the affair, there was \$226 of the fund left, which was returned to the city which donated \$250. The itemized report of the expenditures is as follows:

Amount collected from private subscriptions ..... \$1,220.50  
Amount due and unpaid ..... 62.50  
Amount donated by city of Paducah ..... 250.00

Total amount of receipts \$1,533.00

Disbursements—

Gear's Concert Band ..... \$210.00

Gear's Concert Band (transportation) ..... 128.10

Richmond House (board band) 70.00

Deal's Band ..... 116.25

Aug. Schuerman, decorating 600.00

Advertising, stationery, etc. .... 130.75

Stamps, postage, etc. .... 26.00

Rent, chairs for band ..... 5.00

Palmer Transfer Co., for benefit city officials ..... 10.50

By amount returned to city ..... 226.40

Total disbursements ..... \$1,533.00

We, the finance committee, have this day examined the above accounts and approved same, finding them correct.

We also desire to extend our thanks and appreciation for the cordial support on the part of the merchants and citizens of Paducah and also to the city officials for their support and cooperation.

Respectfully,

A. L. LIVINGSTON,

Chairman Finance Committee.

**SHOCK RESTORES HIS SPEECH.**

Dumb for Two Years, Maine Man Speaks Again on Seeing His Brother's Suicide.

Turner, Me.—A paralytic shock, following his desperate but fruitless endeavor to stop his brother, Wood Roberts, from committing suicide, has within two days completely restored the speech of Howard Roberts, aged 28, who had been totally dumb for two years.

Sunday he rushed into a room as his brother killed himself by shooting. Howard was stricken and apparently lay dying that night. Physicians worked over him, and he showed marked improvement and began to whisper. Later on, without any impediment in speech and in deep, normal tones, he told to the family all the circumstances of the suicide and since has conversed fluently.

**PILES! PILES! PILES!**

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and Itching of the private parts. Sold by druggists, mail 50c and \$1.00. Williams' Mfg. Co., Props., Cleveland, O.

**ENTIRE FAMILY DROWNED.**

Hick Walbert, Wife and Children Meet Death Together.

Glasgow, Ky., July 13.—Hick Walbert, his wife and six-year-old daughter, well known in East Tennessee, were drowned today in Barren river, near the Tennessee line. No one witnessed the accident. All the bodies were recovered. The horse they were driving was also drowned. Walbert was a vocal musical teacher.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of DeWitt's Kidney and Bladder Pills and they have done for me more than any other medicine ever has done." Sold by all druggists.

"She seems like a very nice girl."

"One whom it would be safe to marry."

"Oh, no. No girl is safe enough for that. But she's nice enough to think about marrying, if you only know when to stop."—Life.

## THE TRUTH ABOUT KIDNEY TROUBLE.

(Physical Weakness.)

When there is a pale, pasty complexion that persists in spite of diet and careful living, or where there is physical weakness that likewise resists the usual treatment, the kidneys are to be suspected.

Food often does people with kidney disease very little good.

Instead of storing in the system the albumen, starches and sugars that our food releases, the inflamed kidneys deflect them, and tests disclose them in the eliminations unused.

The patient grows weaker and weaker, and as the kidneys are not sensitive there is usually no pain, and there appears to be no cause for the continued weakness. In such cases a test for albumen may disclose a strong percentage of the strength of the food in the eliminations unused, but, as albumen can not be seen and is only disclosed through chemical tests, the patient, unless he is in the hands of a physician, often has no line on his difficulty, and thousands of such cases grow unwittingly into the supposed chronic, incurable stage.

In these cases Fulton's Renal Compound acts definitely, but quite slowly, for the inflammation is usually of considerable standing and permanence. As in the other cases of inflammation of the kidneys Medical Works have nothing but diet and symptomatic treatment, both of which have proven futile in these chronic cases.

As Fulton's Renal Compound reduces the inflammation, the albumen will be found to be gradually decreasing and recovery slow but definite in about 87 per cent of all cases.

## CITY ORDINANCE

AN ORDINANCE PROVIDING FOR THE CONSTRUCTION OF FARLEY PLACE, BY GRADING AND GRAVELING, FROM A POINT WHERE SAME INTERSECTS THE WEST PROPERTY LINE OF MEYERS STREET TO A POINT WHERE SAME INTERSECTS THE NORTH PROPERTY LINE OF CLEMENTS STREET, IN THE CITY OF PADUCAH, KENTUCKY.

BE IT ORDAINED BY THE GENERAL COUNCIL OF THE CITY OF PADUCAH, KENTUCKY:

Section 1. That Farley Place, from a point where same intersects the west property line of Meyers street, to a point where the same intersects the north property line of Clements street, in the City of Paducah, Kentucky, be and the same is hereby ordered to be originally constructed of good cement gravel, suitable in all respects for such original construction; all to be done in strict accordance with the plans, grades, specifications, widths and profiles of the City Engineer, made and provided by him for such purpose, all of which are adopted as a part of this ordinance as fully as if embraced herein or attached hereto and made a part hereof, and are marked "A" for more specific identification.

Section 2. That said work shall be constructed under the direction of the Board of Public Works and the supervision of the City Engineer, and shall be commenced at a time designated by contract for the performance of said work, and completed on or before four months after the passage, approval and publication of this ordinance.

Section 3. The cost of such construction of said streets shall be paid for wholly by the property owners abutting or fronting thereon on both sides thereof, to be apportioned to and assessed against the property and property owners abutting thereon, except the City of Paducah shall pay the entire cost of all intersections of streets and public alleys, if any such there be.

Section 4. The contractor awarded the contract for the work herein provided for shall be paid only upon estimates furnished by the City Engineer, and approved by the Board of Public Works in accordance with the terms of the contract made by the contractor awarded said contract and the City of Paducah for said work, and in no other way.

Section 5. This ordinance shall take effect from and after its passage, approval and publication.

Approved July 13, 1936.

## ANDY BANNISTER DIES OF WOUNDS

### Aged Victim of Shooting at Backusburg Succumbs.

Walter W. Meadows Leaves Home, Taking His Eldest Son With Him to Parts Unknown.

### FIRE DESTROYS LOWES MILL

Mayfield, Ky., July 14.—Andy Bannister, 70 years old, died at his home near Backusburg as the result of four shots inflicted by Wayne Lawrence at a revival being conducted under a brush arbor near Backusburg.

Last Wednesday night Bannister and his daughter, Mrs. Sarah Feis, attended the meeting. Wayne Lawrence, a widower, aged 35, also attended. He had been paying his respects to Mrs. Feis, to which Bannister objected. It is said that Lawrence had attempted to accompany the woman home. When Bannister expressed his objections, a fight ensued. Lawrence was stabbed four times by Bannister, who in turn was shot down by Lawrence, four balls penetrating vital spots in his body. Since the shooting the aged man had been in a serious condition and for several days it has been known that he could not recover. Lawrence, who is also suffering from his wounds, though they are not serious, will be

arrested on the charge of murder.

**Walter W. Meadows Missing.**  
The whereabouts of Walter W. Meadows, who left home Saturday, July 4, is still unknown. The only information that his wife had of his going was when she received a note saying that he had gone for parts unknown and that she would not hear from him for a year or more. He took with him his oldest son, aged ten years. From Mayfield he went to Paducah and nothing has been heard of him since he reached that city. The presumption is that he has gone to California, where his father resides.

The sudden leaving of Meadows was a surprise to his friends and a shock to his wife and relatives. He has six small children. Mrs. Meadows is the daughter of Jones Sawyers, of Hickory Grove, and she and her five children have gone there to make their home.

Meadows was formerly a rural mail carrier, but several months ago was let out along with several others. Since that time he has been running a carriage line, having purchased the hacks and horses from Jerry Reaser.

He was thought to have been doing well, but it is alleged that he told some of his friends that, on account of such heavy competition, there was no money in operating an exclusive carriage line.

He and his wife married twelve years ago and have always lived happily together and no friction had ever disturbed the domestic circles.—Messenger.

### Fire Destroys Big Mill at Lowes.

The big flouring mill of Mr. Dink Heffer at Lowes was burned to the ground at a loss of about \$5,000. There was no insurance on the mill and of course the loss is a total one to Mr. Heffer. So far he has no clue

to the cause of the fire, and does not know how it originated. The burning of this mill is quite a loss to that community, as it has always been convenient to the people and has made good flour and meal.

## RIVER NEWS

River Stages.			
Cairo	28.7	0.6	fall
Chattanooga	4.6	1.0	fall
Cincinnati	10.8	0.3	fall
Evansville	7.0	0.2	rise
Florence	4.0	0.0	st'd
Johnsonville	6.7	0.1	rise
Louisville	5.4	0.0	st'd
Mt. Carmel	3.0	0.5	fall
Nashville	9.2	0.1	fall
Pittsburg	5.1	0.2	fall
St. Louis	26.9	0.4	fall
Mt. Vernon	6.6	0.0	st'd
Paducah	14.3	0.5	fall

River stage at 7 o'clock this morning was 14.3, a fall of .5 since yesterday morning.

The steamer Dick Fowler got away on time this morning for Cairo with a big trip of freight and passengers. She will return at 7 o'clock tonight and make a church excursion out at 3 o'clock for a two hours' run on the river.

The George Cowling made her two regular trips today from Metropolis with big crowds of passengers and a big trip of freight.

The steamer Clyde arrived from Waterloo, Ala., and all way landings last night at 7 o'clock, with 6 cars of lumber for Brookport and Metropolis, and 70 hogsheads of tobacco for Joplin. She went on down the river last night to unload and returned this

morning and is receiving freight preparing to leave on a return trip Wednesday evening at 6 o'clock.

The Royal made her regular trip from Golconda and return today doing a big passenger and freight business each way.

The Joe Fowler did not make a trip yesterday, but arrived today from Evansville and returned with a big trip of freight and passengers each way.

The City of Saltville arrived from Waterloo, Ala., today with a big trip of passengers for St. Louis. She was here two hours before going on to St. Louis.

The City of Savannah will be in late tonight or early in the morning from St. Louis on her first trip of the season up the Tennessee river.

The H. W. Butteroff will be in tonight from Clarksville and will leave tomorrow at 12 o'clock for Nashville and all way landings. She will return next Sunday afternoon.

The Chattanooga will be in tomorrow from Riverton, Ala., and all way landings, and will return leaving here at 5 o'clock Friday evening.

The J. B. Finley got away for New Orleans light yesterday afternoon at 5 o'clock. She will return with a tow of empty coal boats and barges.

The Pavonia arrived from the Tennessee yesterday afternoon with a tow of ties for the Ayer & Lord Tie company. The Pavonia got away this morning for the Cumberland after another tow of ties for the Ayer & Lord Tie company.

The Russell Lord arrived at 8 o'clock this morning from White river. She brought a tow of ties with her and left them at Brookport for the Ayer & Lord Tie company.

The towboat Hosmer arrived this morning just ahead of the Russell Lord from White river with her fuel flat. The Hosmer has been towing

ties in White river for two months for the Ayer & Lord Tie company.

The Russell Lord will return to White river tomorrow after another tow of ties.

The I. N. Hook got away this morning for the Cumberland river after a tow of ties for Paducah.

The Cutaway II was launched in the Ohio river yesterday afternoon at 5 o'clock. She is one of the finest specimens of the gasoline boat in the Paducah harbor and is owned by Capt. E. A. Wait and Mr. Frank Mantz. The boat was built at Sherrill & Russell's lumber yard. She is 32 feet long with a 6-foot beam, built out of Louisiana red cypress and is finished in natural oak. She is built to carry 30 people comfortably. The engine will be put in the new boat tomorrow and she will be in running order Thursday. The engine is 15 horse power and is guaranteed to propel the boat at the rate of 12 miles per hour. Many compliments have been paid Capt. A. Wait for his designing of such a neat boat.

The Russell Lord had another streak of bad luck on her last trip to White river. She left her fuel flat of 4,000 bushels of Pittsburg coal at Memphis, while she went on down after her tow, and during her absence and through the negligence of the watchman, the flat turned turtle and all the coal was dumped in the Mississippi river. The loss is about \$500. This is the second flat the Russell Lord has had to turn turtle inside of a month's time. The other flat turned turtle here in the Paducah harbor. The loss will be to the Ayer & Lord Tie company.

**Official Forecasts.**  
The Ohio at Evansville will continue rising during the next 36 hours. At Mt. Vernon will begin rising this afternoon or tonight. At Paducah and

Cairo will continue falling for several days.

The Tennessee at Florence will rise slightly during the next 12 hours. At Johnsonville no material change during the next 36 hours.

The Mississippi from below St. Louis to Cairo will fall slowly during the next 36 hours, and more rapidly thereafter.
